PROFILE

My name is Hamdi Mohamed, and I am a front-end developer for websites. I am 20 years old and have previously worked for one year at Monospace company. I am always looking to improve my skills and learn the latest technologies and tools in this field. I am excited to work in a dynamic environment with new challenges.

EXPERIENCE

• JUNIOR FRONT END DEVELOPER

Hi, I'm Hamdy-Maohamed, a 20year-old web programmer based in Egypt. With 2 years of experience in web development, I have a solid understanding of front-end programming languages, including HTML, CSS, JavaScript,python,sass, bootstrap, tailwind and React js

Despite being in my third year of high school, I have been pursuing my passion for programming through self-education and real-world projects. I have worked on a variety of web projects, ranging from small personal websites to large-scale e-commerce platforms.

My skills and experience enable me to develop responsive, user-friendly, and secure websites that meet clients' needs and expectations. I'm always eager to learn and keep up-to-date with the latest trends and technologies in the industry.

If you're looking for a dedicated and reliable web developer for your project, please don't hesitate to get in touch with me.
